Section 1. Approval of Building Plans. All plans and specifications for any structure or improvement whatsoever to be erected on or moved upon or to any portion of any lot, and the proposed location thereof, the construction material, the roofs and exterior color schemes, and any later changes or additions thereto shall be subject to and shall require the approval in writing of the Architectural Control Board, hereinafter called "Board", as the same from time to time is composed, before any such work is commenced. The Board shall be composed of three (3) members to be appointed by Horizon Development Corporation, Board members shall be subject to removal by Horizon Development Corporation and any vacancies from time to time existing shall be filled by appointment of Horizon Development Corporation; provided, however, that any time hereafter Horizon Development Corporation may, at its sole option, relinquish to Waterwood Improvement Association, Inc., the power of appointment and removal herein reserved to Horizon Development Corporation. The decisions of the Board shall be final.
